I CAN'T TEACH YOU A DAMN THING!

When people say that, they always mean it as an insult - a way of calling someone "stupid." But I want you to think about it.

Now, answer this: 2 hours after your birth... *who taught you to eat* or that you even *needed* to eat? How did you know that the way your tummy felt meant **FEED ME?** How did you know to make noises when you wanted something?

At the precise moment of your birth... *you knew everything!* So what happened? As soon as adults saw you, they started to ingrain you with the "culture"... and so you forgot. They began telling you *who they thought you are...* so you forgot who you were *before* birth.

So Nobody can teach you anything. A "teacher" can only remind you of things you forgot. For that reason, we study the "quaint and curious volumes of forgotten lore."

Not to learn... **TO REMEMBER!**

## THE TEN LOST BOOKS OF THE PROPHETS!

In these books the author claims to endeavor to explore the field of Divine Magic. On the title page of the first book of "Holy Magic" it states "Which God gave unto Moses, Aaron, David, Solomon, and other saints, Patriarchs and Prophets; Which teacheth the true Divine Wisdom."

Book 3 tells the use of the psalms - Gives the psalm for luck; psalm for severe headache;

psalm for cross condition; psalm for being successful; psalm to overcome an evil spirit; psalm for protection; psalm to keep secured from all evil; psalm to receive information through a dream or vision; psalm to escape danger of floods; psalm to be reconciled with your enemy; psalm to receive grace and love; psalm to become safe from enemies; psalm to free yourself from slander;

psalm to receive God after committing a heavy sin.

Book 4 tells about knowing all manner of things Past and Future which are not however directly opposed to God and His most holy will.

**ORIGINALS NOW SELL FOR HUNDREDS OF DOLLARS!**

**SO RARE THAT SHODDY SINGLE-VOLUME REPRINTS SELL FOR A FORTUNE!**

Several years ago, the Managing Director of MOJO BROS. CLASSICS acquired a complete set of these books (as pictured above). Originally printed back in 1938, this set had its flaws brought on by age, but overall the small books remained in good enough condition to form the basis of a restoration. And so the work began.

Technicians made Hi-Res scans to start what would become a

year's worth of work! That was the easy part. Next, the scans were read through for errors in the text. The original publishing house was notorious for its typos! A sentence would abruptly end in the middle of a paragraph, only to continue in another paragraph two pages later. Fortunately, very few such errors had crept into this set. The same cannot be said for later printings in single

volumes like the one in the Amazon listing at the top of this page. Using digital technology, the text was rectified and, in some cases, replaced with a similar font. This, along with restoring broken text, comprised the bulk of the work on 320 pages!
